

Tami Thompson

Business Affairs Manager

As Business Affairs Manager for TPMA, Tami Thompson supports the Executive team in managing project deliverables and timelines as well as fulfilling many of the business aspects of projects. A key liaison among the executive team, Ms. Thompson brings strong dedication to detail and customer service also managing partner relationships and, most notably, manages the elaborate TPMA relationship with Monster Government Solutions.

Tami brings more than eight years of successful professional experience in customer service along with a distinguished reputation as a strong planner, organizer, and problem solver able to work well with various teams; prioritize multiple assignments and take projects from inception to completion making significant profit-building contributions to organizational objectives. Currently, Tami is the Project Manager in a \$2.5 million, multiple partner project where she utilizes these skills daily; specifically by implementing detailed project plans, ensuring deliverables are on schedule, and providing weekly progress reports.

Thompson was previously employed by the Central Indiana Corporate Partnership (CICP), an alliance of the CEOs of the region's largest employers and its university presidents, promoting long-term economic growth within Indiana. Within CICP, Thompson worked with both the advanced manufacturing-logistics and technology initiatives, Conexus Indiana and TechPoint, respectively.

Tami brings extensive experience working in key business development areas. Her unique skill set is a great addition to the TPMA team. Ms. Thompson is both a valuable addition to our project team and especially helpful to our clients.

Prior to joining CICP, Thompson spent seven years in sales, marketing and administration in the pharmaceutical, advertising, legal and financial fields.

Thompson holds a Bachelor of Science Degree in Psychology from Ball State University.
